The workshop will be held in ground floor of the Electrical and Electronics Engineering Building.

Bilkent University Eighth Workshop on Supply Chain and Logistics will be held in Ankara, Turkey, on Monday June 9, 2014. The workshop aims at bringing together researchers and practitioners interested in supply chain management and logistics areas to initiate possible collaboration. The workshop consists of five paper presentations and their discussions. In addition, there will be a practice session with two presentations from the industry.

The details of the presentations and presenters can be found at the workshop web site, <http://www.ie.bilkent.edu.tr/workshop>.

There will be no registration fee for the workshop. There will be limitations on the attendance due to limited space in the facility. Hence, for those who are interested in attending the workshop, we encourage early registration by sending an e-mail to workshop@ie.bilkent.edu.tr. A limited number of rooms have been reserved at the university dorms and guest housing to accommodate the participants. Please notify your need for an accommodation as soon as possible and not later than May 20, 2014 by sending an e-mail to the same address.
