

Bilkent University

The 17th Annual Workshop on Supply Chain and Logistics

May 31, 2024

Department of Industrial Engineering, Ankara, Turkey

Call for Papers

We are pleased to invite researchers and practitioners working in the areas of supply chain management and logistics to the 17th Annual Workshop on Supply Chain and Logistics, which will be held at Bilkent University on Friday, May 31, 2024. This year's workshop aims to improve our understanding of the growing global issues at the interface between sustainability and operations to develop actionable solutions from the people-planet-profit perspective of sustainability.

Those interested in presenting at the workshop should submit either a close-to-finished manuscript or a recently accepted/published paper to the organizing committee by March 15, 2024. These manuscripts will be reviewed, and a selected set of papers will be presented and discussed at the workshop. Since this is a one-day event, the number of talks we can schedule will be limited. Detailed information about the program will be announced in early May on the following web page:

<https://w3.ie.bilkent.edu.tr/en/category/conferences/>

There will be no registration fee for the workshop. However, since the capacity of the facility is limited, we encourage early registration by sending an e-mail to workshop@ie.bilkent.edu.tr. A limited number of rooms have been reserved at the university dorms and guest housing to accommodate the participants. Please notify your need for accommodation by May 15, 2024, by sending an e-mail to the same address.

Organizing Committee:

Emre Nadar: emre.nadar@bilkent.edu.tr

Nesim Erkip: nesim@bilkent.edu.tr
